

# Bullying Prevention Policy for MACS Schools

## Introduction

Bullying, cyber-bullying, harassment, racism, aggression and violence are not tolerated or accepted in Melbourne Archdiocese Catholic Schools Ltd (MACS) schools as they disregard core values of our faith, including dignity, respect, justice, equity, compassion, trust and courage. The prevention of and responses to incidents of bullying, inappropriate use of technology and disrespectful behaviour are more readily achieved in schools that promote positive relationships and reflect Gospel values.

## Purpose

This policy promotes the prevention of bullying in schools and encourages school cultures that are explicit about unacceptable student behaviour and are responsive to all incidents of bullying.

## Scope

This policy applies in all MACS schools, including specialist schools operated by MACS subsidiary, Melbourne Archdiocese Catholic Specialist Schools Ltd (MACSS) and school boarding premises operated by MACS schools.

## Principles

MACS school communities have a moral, legal and mission-driven responsibility to create nurturing school environments where students are respected, their voices are heard and where practices and protocols for their safety and wellbeing are clearly articulated.

MACS school communities exemplify the Gospel values of love, forgiveness, justice and truth. Each school community recognises that everyone has the right to be respected, to feel safe and be safe; and, in this regard, understands their rights and acknowledges their obligation to behave responsibly.

All involved in MACS schools – staff, volunteers, students and parents/guardians/carers – have a responsibility to understand the importance of and specific role they play individually and collectively to ensure and promote the wellbeing and safety of all students.

MACS schools have robust, structured risk management procedures and processes, as prescribed by the MACS board, that help establish, promote and maintain a child safe environment. This involves consideration of possible broad-based risk factors across a wide range of educational contexts, environments, relationships and activities and minimising the opportunity for children, young people and students to be harmed.

## Policy

The MACS Board, MACS Management, principals, employees and volunteers in each school share responsibility for child safety with a zero tolerance of child abuse and all forms of bullying.

Principals and all staff in MACS schools have a duty of care to take reasonable steps to prevent students from foreseeable harm. This includes taking reasonable steps to prevent physical or psychological harm occurring because of bullying.

Principals and school leadership teams must implement school-wide approaches and measures to educate and inform the school community to help prevent and respond to all forms of bullying, including a specific focus on an eSafety approach to the safe and respectful use of ICT and communication systems.

All incidents perceived or actual, of bullying, harassment and cyberbullying will be recorded, and responded to sensitively, fairly and promptly. Records of all reporting are to be kept in a secure manner in accordance with Ministerial Order 1359 – Child Safe Standards, the relevant MACS record keeping and information management policies and [Public Record Office Victoria Recordkeeping Standards](#).

MACS schools must have procedures in place that apply to when repeated incidents of bullying are reported.

MACS schools will work in partnership with parents/guardians/carers when responding to incidents of bullying.

Schools are required to develop a bullying prevention policy for their school, contextualised for their school environment, using the approved MACS policy and procedures templates.
