

St Anthony's news

Edition 2
20 February 2026

They say it takes a village to raise a child. Our village is working hard to support and provide our students with the best!

In addition to our staff, swimming required assistance, we had multiple parents, every day for four days, taking time out of their day to attend and help. An activity we could easily forgo but don't because we note its importance but even so it's the people power which make it work.

Camp was a wonderful experience for our senior students. It is a time for them to step outside their comfortable environment and experience a different type of learning. Learning centred on intra and inter personal growth. Watching the smile on the face of a student who overcame their fear of heights to do the giant swing or the bravery of a student who is sleeping away from home for the first time is priceless. For those of us on camp we get to experience this. But those back onsite don't, yet they too make sacrifices to allow camp to happen. Thank you to the camping staff for leaving your family, your sleep routine and own shower, all to provide care, support and new challenges to the campers. To those back onsite who stepped up to be in charge, those who worked with a changed timetable, those who took on an extra duty, we couldn't have gone without your efforts, we are grateful.

Our Twilight Fair is a highlight each year. The planning for the next year gently begins not long after it's finished by the fair committee but then it ramps up and it's all hand on deck. People taking on the role of stall coordinator, people grabbing flyers to deliver, seeing the donations of lollies, chocolates, books... every small action combines to make our fair a success.

Our community coming together showcases one of most important assets, a shared vision and purpose with our students at the centre. If you haven't had a chance to become involved yet, a flick through the fair newsletter provides information on what you can do.

Pope Francis once described Lent as a privileged time. Privileged because of the three traditional pillars of Lent: prayer, fasting and almsgiving. These practices are emphasized during Lent in order that they may become a habit for us – a part of who we are – as natural as breathing both during Lent and throughout the entire year. Not for their own sake, but rather that we might turn from doing wrong; which at its root is an inordinate and destructive focus on self, to doing good for others out of love for them and God. Love of God and neighbour. A love that builds up the Kingdom rather than tears it down.

Our village is strong, all pieces of our puzzle, students, staff and families, woven together to create a strong fabric. A stronger St Anthony's focussed on building an inclusive and vibrant Catholic learning community. A community able to balance our inward focus with an outward focus; so that we never take for granted what we have. Together we can!

GRADE 5/6 CAMP

CAMP SUMMONING KOOKABURRA

On Monday we arrived at camp at 12:30pm. The first activity we did was a giant slingshot and the second activity we did a scavenger hunt and we had to find a kookaburra call and we couldn't hear one we tried to do a ritual to summon a kookaburra call. We tried 6 times and none of them worked but then we performed the ritual on an old rusty chair and when we looked in the tree, two white kookaburras were sitting there. Finally the ritual worked and we could tick the last box to finish the scavenger hunt.

Caspar, Viraaj, Mateo, Roman, Oscar and Hugh

The Flying Fox

On camp we went on a very tall zip line called the flying fox. It was really high up and was scary but I (Max) still went on it. The zip line went really fast. It was fun.

The Giant Swing

There was a big swing 20 metres up in the air. It was so scary I looked down and I realised how high up I (Harry D) was.

It was so fast. And you had to pull a rope to release the rope.

By Max and Harry D

Canoeing

After doing the giant swing, group two went on to do canoeing at the dam. First we got lessons on how to use the paddle and not fall over in the canoe. When we got comfortable with the strokes of the paddle we started playing a game where the instructor, Gabby, threw some soccer balls into the dam and we had to row our canoes to get the balls and whoever got the most won. Next we played gang up tiggly and it ended quickly because we couldn't paddle away fast enough. Before leaving we played animal tag where we all had an animal name and we had to tap each others boat three times to add them to your animal team. Kangaroo ended up winning. At the end Christian and Ruben tipped too much to the side and capsized, they had to swim to shore. Since we had time before afternoon tea we all jumped in off the jetty including Ms Bennet and she jumped in first. That was the highlight of the day besides Ms Galligan doing the giant swing.

Class Description

Stageworks Academy adheres to Child Safe, inclusive policy. Classes focus on enjoyment, nurturing confidence and developing performance skills in a positive, caring environment. Our vibrant, fun and productive classes are structured with a warm up, stretches, centre work, travelling steps, turning and elevation practice. Students will learn routines and polish them for performances. Creativity is nurtured through short, small group improvisation and choreographic activities. Children are encouraged to contribute ideas during reflections and creative processes. Most importantly, classes should feel fun, safe and rewarding.

Quotes from existing parents at our other school programs:

"I am amazed by how much my son's dancing has improved! He is really confident with performing now too. Loves it!"

"So convenient. No after school driving and they are with their friends learning great moves"
